Have you received the match boxes that Mrs. Maverick collected in Europe and mailed a day or two ago? Still owing to you is \$10 for the early ~~the~~ ^{the} ~~Angels~~. During most of my seven months abroad I was laid up with a suddenly afflicted heart - nine doctors in nine towns - my first illness for twenty years. I expect to drop in on you around Christmas, on my way to Texas. My present quest is cheap German coins, old and new.

Kindest regards to Miss Wright.

Sincerely W.C. Maverick
